BUILTuae

DESIGN & CONSTRUCT

Arch. Curtiz Brown is a Samoan native and the CEO and Founder of BUILT uae. He began his career in Building and Construction management after earning a Diploma of Building in Australia, and a BA. Architecture from the University of Auckland, New Zealand. He has worked with several top-tier Firms in Australia, Asia and USA. Curtiz has overseen the completion of numerous high-profile projects for clients in various sectors, including residential, commercial, hospitality and urban public spaces.

Driving ideas into reality.

We strive to create unique, impactful designs that enhance the environment and inspire people to live better; by transforming the way, we design and construct interior and landscape spaces.

We provide visionary solutions in shaping new building experiences.

Our Purpose

To provide a unique combination of consulting, knowledge and creativity. Comprehensive, quality interior and landscape design and construction services to our clients, delivering exceptional value within a mutually beneficial customer experience.

Our customer-focused approach, attention to detail, and relentless desire to exceed expectations form the foundation of our core values that ensure we are creating a better tomorrow through our work today.

"The function of design is letting design function." --
Micha Commeren, designer

Our Purpose: to inspire designs for a better and more resilient world.

Our Mission

"Innovate and inspire living".

Our mission is to create a life-changing experience and sustainable projects that enhance people's lives and add value to the environment through thoughtful and innovative interior and landscape design and construction. We strive to foster a culture of collaboration, creativity and excellence in everything we do.

Our Services

Consulting Services.

Strategic, management and technical consulting solutions in Design and Construction.

We provide a comprehensive range of consulting solutions – assessment, compliance, risk management, and more – We seek to bring a sense of beauty and tranquility to our clients' homes and businesses, creating spaces that are both functional and aesthetically pleasing.

We strive to bring a mix of artistry, form, and function to our projects. Our goal is to build spaces that exceed expectations for quality, value and satisfaction.

Our Projects

Residential Villa.

Nestled within the tranquil embrace of Emirates Hills, Dubai. This exquisite 5-bedroom villa stands as a testament to refined luxury and timeless sophistication. Every element of this architectural masterpiece has been meticulously designed to create a harmonious blend of opulence, comfort, and style.
